

with Members of Congress to make sure help is rendered.

I urge support of this legislation and I thank Chairman HYDE and Ranking Member LANTOS for their leadership in crafting this important piece of legislation and bringing it before the House for consideration this day.

Mr. LANTOS. Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. HYDE. Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore (Mrs. BIGGERT). The question is on the motion offered by the gentleman from Illinois (Mr. HYDE) that the House suspend the rules and agree to the resolution, H. Res. 492.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. LANTOS. Madam Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

SANTA ANA RIVER WATER SUPPLY ENHANCEMENT ACT OF 2005

Mrs. MUSGRAVE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 177) to amend the Reclamation Wastewater and Groundwater Study and Facilities Act to authorize the Secretary of the Interior to participate in the Prado Basin Natural Treatment System Project, to authorize the Secretary to carry out a program to assist agencies in projects to construct regional brine lines in California, to authorize the Secretary to participate in the Lower Chino Dairy Area desalination demonstration and reclamation project, and for other purposes, as amended.

The Clerk read as follows:

H.R. 177

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Santa Ana River Water Supply Enhancement Act of 2005".

SEC. 2. PRADO BASIN NATURAL TREATMENT SYSTEM PROJECT.

(a) IN GENERAL.—The Reclamation Wastewater and Groundwater Study and Facilities Act (Public Law 102-575, title XVI; 43 U.S.C. 390h et seq.) is amended by adding at the end the following:

"SEC. 1636. PRADO BASIN NATURAL TREATMENT SYSTEM PROJECT.

"(a) IN GENERAL.—The Secretary, in cooperation with the Orange County Water District, shall participate in the planning, design, and construction of natural treatment systems and wetlands for the flows of the Santa Ana River, California, and its tributaries into the Prado Basin.

"(b) COST SHARING.—The Federal share of the cost of the project described in subsection (a) shall not exceed 25 percent of the total cost of the project.

"(c) LIMITATION.—Funds provided by the Secretary shall not be used for the operation and maintenance of the project described in subsection (a).

"(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section \$20,000,000.

"(e) SUNSET OF AUTHORITY.—This section shall have no effect after the date that is 10 years after the date of the enactment of this section."

(b) CONFORMING AMENDMENT.—The table of sections in section 2 of Public Law 102-575 is further amended by inserting after the item relating to section 1634 the following:

"1636. Prado Basin Natural Treatment System Project."

SEC. 3. REGIONAL BRINE LINES.

(a) IN GENERAL.—The Reclamation Wastewater and Groundwater Study and Facilities Act (Public Law 102-575, title XVI; 43 U.S.C. 390h et seq.) is further amended by adding at the end the following:

"SEC. 1637. REGIONAL BRINE LINES.

"(a) SOUTHERN CALIFORNIA.—The Secretary, under Federal reclamation laws and in cooperation with units of local government, may assist agencies in projects to construct regional brine lines to export the salinity imported from the Colorado River to the Pacific Ocean as identified in—

"(1) the Salinity Management Study prepared by the Bureau of Reclamation and the Metropolitan Water District of Southern California; and

"(2) the Southern California Comprehensive Water Reclamation and Reuse Study prepared by the Bureau of Reclamation.

"(b) AGREEMENTS AND REGULATIONS.—The Secretary may enter into such agreements and promulgate such regulations as are necessary to carry out this section.

"(c) COST SHARING.—The Federal share of the cost of a project to construct regional brine lines described in subsection (a) shall not exceed—

"(1) 25 percent of the total cost of the project; or

"(2) \$40,000,000.

"(d) LIMITATION.—Funds provided by the Secretary shall not be used for operation or maintenance of any project described in subsection (a).

"(e) SUNSET OF AUTHORITY.—This section shall have no effect after the date that is 10 years after the date of the enactment of this section."

(b) CONFORMING AMENDMENT.—The table of sections in section 2 of Public Law 102-575 is further amended by inserting after the item relating to section 1635 the following:

"1637. Regional brine lines."

SEC. 4. LOWER CHINO DAIRY AREA DESALINATION DEMONSTRATION AND RECLAMATION PROJECT.

(a) IN GENERAL.—The Reclamation Wastewater and Groundwater Study and Facilities Act (Public Law 102-575, title XVI; 43 U.S.C. 390h et seq.) is further amended by adding at the end the following:

"SEC. 1638. LOWER CHINO DAIRY AREA DESALINATION DEMONSTRATION AND RECLAMATION PROJECT.

"(a) IN GENERAL.—The Secretary, in cooperation with the Chino Basin Watermaster, the Inland Empire Utilities Agency, and the Santa Ana Watershed Project Authority and acting under the Federal reclamation laws, shall participate in the design, planning, and construction of the Lower Chino Dairy Area desalination demonstration and reclamation project.

"(b) COST SHARING.—The Federal share of the cost of the project described in subsection (a) shall not exceed—

"(1) 25 percent of the total cost of the project; or

"(2) \$50,000,000.

"(c) LIMITATION.—Funds provided by the Secretary shall not be used for operation or maintenance of the project described in subsection (a).

"(d) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section.

"(e) SUNSET OF AUTHORITY.—This section shall have no effect after the date that is 10 years after the date of the enactment of this section."

(b) CONFORMING AMENDMENT.—The table of sections in section 2 of Public Law 102-575 is further amended by inserting after the item relating to section 1636 the following:

"1638. Lower Chino dairy area desalination demonstration and reclamation project."

SEC. 5. CEILING INCREASE ON FEDERAL SHARE OF WATER RECLAMATION PROJECT.

Section 1631(d) of the Reclamation Wastewater and Groundwater Study and Facilities Act (43 U.S.C. 390h-13(d)) is amended—

(1) in paragraph (1) by striking "paragraph (2)" and inserting "paragraphs (2) and (3)"; and

(2) by adding at the end the following new paragraph:

"(3) The Federal share of the costs of the project authorized by section 1624 shall not exceed the following:

"(A) \$22,000,000 for fiscal year 2007.

"(B) \$24,200,000 for fiscal year 2008.

"(C) \$26,620,000 for fiscal year 2009.

"(D) \$29,282,000 for fiscal year 2010.

"(E) \$32,210,200 for fiscal year 2011.

"(F) \$35,431,220 for fiscal year 2012.

"(G) \$38,974,342 for fiscal year 2013.

"(H) \$42,871,776 for fiscal year 2014.

"(I) \$47,158,953 for fiscal year 2015.

"(J) \$51,874,849 for fiscal year 2016."

SEC. 6. CENTER FOR TECHNOLOGICAL ADVANCEMENT OF MEMBRANE TECHNOLOGY AND EDUCATION.

(a) IN GENERAL.—The Secretary of the Interior shall establish at the Orange County Water District located in Orange County, California, a center for the expressed purposes of providing—

(1) assistance in the development and advancement of membrane technologies; and

(2) educational support in the advancement of public understanding and acceptance of membrane produced water supplies.

(b) MANAGEMENT OF CENTER.—

(1) CONTRACTS.—In establishing the center, the Secretary shall enter into contracts with the Orange County Water District for purposes of managing such center.

(2) PLAN.—Not later than 90 days after the date of enactment of this section, the Secretary, in consultation with the Orange County Water District, shall jointly prepare a plan, updated annually, identifying the goals and objectives of the center.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to carry out subsections (a) and (b), \$2,000,000, for each of fiscal years 2006 through 2011. Such sums shall remain available until expended.

(d) REPORT.—Not later than one year after the date of enactment of this section and annually thereafter, the Secretary, in consultation with the Orange County Water District, shall provide a report to Congress on the status of the center and its accomplishments.

(e) SUNSET OF AUTHORITY.—This section shall have no effect after the date that is 10 years after the date of the enactment of this section.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from Colorado (Mrs. MUSGRAVE) and the gentleman from New Mexico (Mr. UDALL) each will control 20 minutes.

The Chair recognizes the gentlewoman from Colorado (Mrs. MUSGRAVE).

GENERAL LEAVE

Mrs. MUSGRAVE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Colorado?

There was no objection.

Mrs. MUSGRAVE. Madam Speaker, I yield myself such time as I may consume. H.R. 177, introduced by our colleague from California (Mr. GARY G. MILLER) provides Federal assistance for three water projects aimed at drought-proofing Southern California.

The bill will help develop wetlands to naturally clean surface water in the Santa Ana watershed. The bill also authorizes Federal assistance for the design and construction of a regional wastewater pipeline and a desalting plant.

The Federal cost share of these projects will not exceed 25 percent. This legislation promotes the development of new water technologies that create reliable water supplies and help reduces Southern California's dependence on imported water.

I urge my colleagues to support this legislation.

Madam Speaker, I reserve the balance of my time.

Mr. UDALL of New Mexico. Madam Speaker, I yield myself as much time as I may consume.

(Mr. UDALL of New Mexico asked and was given permission to revise and extend his remarks.)

Mr. UDALL of New Mexico. Madam Speaker, we support passage of H.R. 177, the water recycling and desalting projects authorized in this bill. These projects will be eligible for limited financial assistance under the Bureau of Reclamation's title XVI water recycling program. These projects will reduce Southern California's dependency on imported water from the Sacramento River Delta, and will dramatically improve the reliability of water supplies in Southern California.

Madam Speaker, I reserve the balance of my time.

Mrs. MUSGRAVE. Madam Speaker, I yield such time as he may consume to the gentleman from California (Mr. GARY G. MILLER).

Mr. GARY G. MILLER of California. Madam Speaker, I rise in support of H.R. 177, the Santa Ana River Water Supply Enhancement Act of 2005.

I want to thank Resources Chairman POMBO and Water Subcommittee Chairman RADANOVICH for recognizing the importance of this bill, basically providing innovative water solutions to the challenges posed by chronic water shortages in Southern California.

This bill will authorize water resource reliability projects in the Southern California region and dra-

matically improve the water supply reliability of the Santa Ana River watershed and the water basin in San Bernardino, Riverside, and Orange counties.

Water scarcity issues and wastewater treatment are particularly important to my region. If you want to sustain our Nation's economic growth and provide for rapidly increasing population, we must ensure there is an efficient and reliable access to water resources and pursue modernized sanitation infrastructure. It is critical that we find innovative solutions to the challenges posed by chronic water shortages in Southern California.

In Southern California, water supply deficiency discourages economic growth, endangers the environment, and compromises the health and safety of residents. Because of limited supplies and increased demands, Southern California communities continue to seek nontraditional methods to produce reliable, dependable resources, including water through recycling and desalination.

This bill would help reduce Southern California's dependence on imported water supply by constructing the recycling project, desalination demonstration reclamation project, the regional brine line project and will help in the study of technologies of water recycling.

The Federal Government's specific role in water recycling and desalination projects is in title XVI of the reclamation wastewater and groundwater studies in the Facilities Act, which direct the Department of the Interior to award Federal grants to communities developing nontraditional water supplies.

The significant local cost share and minimal Federal share makes these projects attractive to private financing partnerships and encourages regional solutions to complex water problems.

Upon full implementation, these projects will create an estimated 200,000 new acre feet of water for the region, upon full implementation, some 65.2 million gallons of water; and that is significant for our region.

It reduces the impact of water from the Colorado River in Northern California. As this bill moves forward, I ask my colleagues to support this. This is good for the environment, good for people, and good for the region.

Mr. UDALL of New Mexico. Madam Speaker, I would like to take this opportunity to thank the majority and minority staff and especially Steve Lanich.

Ms. LORETTA SANCHEZ of California. Madam Speaker, I rise today in strong support of H.R. 177, particularly with regard to Section 5, which will increase the ceiling of the federal share for the Orange County Groundwater Replenishment project. I introduced this section as a stand-alone bill in the 108th Congress, and it was passed by the House last year. I am pleased to see this legislation being passed again in its current form.

Section 5 will increase the authorized Federal share for the Orange County California

Groundwater Replenishment, OCGWR. This will help Orange County to complete this important and much-needed project, which will serve about 2.3 million residents of north and central Orange County, and it will create a new water supply of 72,000 acre-feet per year.

The OCGWR project is not just important to Orange County, California, but also to the entire western United States. By recycling our own water, we in Orange County would not have to rely so heavily on water from the Colorado River Aqueduct or the San Francisco Bay Delta.

Moreover, the OCGWR is a highly innovative recycling project—a pilot project for other future water recycling projects. Experts in public water management systems, from other states and from countries around the world, have come to Orange County to look at the tertiary cleaning system housed there. The project is of national and even international significance.

I am pleased that this project has received strong support from Members on both sides of the aisle. As I mentioned previously, the Committee on Resources very generously allowed this same bill to be considered under Suspension of the Rules last year. I would like to take this opportunity to again thank Chairman POMBO from California, Ranking Member RAHALL from West Virginia, as well as former Subcommittee Chairman CALVERT and Ranking Member NAPOLITANO of California for their overwhelming support of this bill.

I would also like to thank my colleagues from Orange County for their continued support. Mr. MILLER, the former Representative Mr. Cox, Mr. ROHRBACHER and Mr. ROYCE are strong supporters of this project. Securing funding for the OCGWR has always been, and will continue to be, a bipartisan effort.

I urge my colleagues to support H.R. 177 which contains this legislation, and I yield back the balance of my time.

Mr. UDALL of New Mexico. Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

Mrs. MUSGRAVE. Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Colorado (Mrs. MUSGRAVE) that the House suspend the rules and pass the bill, H.R. 177, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

ROCKY MOUNTAIN NATIONAL PARK BOUNDARY ADJUSTMENT ACT OF 2005

Mrs. MUSGRAVE. Madam Speaker, I move to suspend the rules and pass the Senate bill (S. 55) to adjust the boundary of Rocky Mountain National Park in the State of Colorado.

The Clerk read as follows:

S. 55

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,
